

High Peak Liberal Democrats

We've listened to you on the doorstep and you've told us you want a council:-

- * That listens to you and acts in your best interests.
- * Where local people make the decisions that affect them.
- * That will help create a stronger local economy.
- * Which ensures that our towns and villages remain vibrant.
- * Makes people feel safe in their homes, town centres and countryside.
- * That provides services that meet the needs of its residents.
- * That seeks to protect the countryside which makes High Peak special.

It's your manifesto that's our vision too

Working with you to make High Peak a better place to live

Demand Better
