I would like to invite you to our regional conference; all
members are welcome. Whether you are a new member or
have just never come to a conference before this one will
be special so please join us in Ashfield on 30 October.

For the first time we are holding a regional conference as
a party of government. Our membership in the East Mid-
lands has increased by 22% this year.

Our host local party, Ashfield, came within 192 votes of
springing the biggest shock to Labour in the recent
General Election. How did they do it?

Kind regards
Peter
